

***Review of Aircraft Noise Information Presentation  
and Complaint Resolution: Perth***

**Update on progress**

The ANO office has undertaken further consultation and development of the draft report. As a result we will not meet our target for finalisation and publication of the report. While we will have a final draft this year we do not anticipate being in a position to finalise the report until the New Year. Once finalised, we will present the report to the Board prior to publication.
