

Sunshine Coast Post Implementation Review - Terms of Reference

The Aircraft Noise Ombudsman (ANO) has received a large number of representations from the public regarding Airservices Australia's (Airservices') Terms of Reference for the Post Implementation Review of the flight paths at Sunshine Coast Airport. These representations appear to have occurred following a resolution by the Board of Airservices Australia (the Board) that the Terms of Reference be agreed between Airservices and the ANO.

The ANO has advised the Board that it will be neither agreeing nor disagreeing with Terms of Reference drafted by Airservices as doing so would be inconsistent with the ANO Charter.

Agreement or disagreement would compromise the independence of the ANO by making it part of Airservices' decision-making and would prejudice the ability of the ANO to deal with relevant complaints about Airservices.

The Board accepts the ANO decision in this matter.
